Health & Safety

Remind employer that they have primary responsibility for the health & safety of the student and should be managing any significant risk

Does employer understand they will need to provide induction?

Does employer understand about specific factors relevant to young people – lack of experience, being unaware of existing or potential risks and/or lack of maturity?

Equipment/Machinery

Will the student be using any particular equipment or machinery?

Check that instruction, training and supervisory arrangements have been properly thought through

Placement Health & Safety Limitations Specified by Employer

Are there any particular risk factors/or areas which will be out of bounds to the student?

Please specify:-

Any Special Clothing

Supervisor/s:
