February 2020

## Headteacher's foreword

Whilst we always take pleasure from seeing our students perform well and succeed in their various extra-curricular pursuits, such as our debating teams doing so well in high-level competitions this term, it is even more rewarding to see such big numbers of students getting involved in our enrichment programme. This month, in the space of 24 hours over 300 boys represented TBSHS at football. To hold 18 fixtures against Brentwood School over Friday afternoon and Saturday morning really is an incredible feat and is part of the reason we have numerous teams on excellent cup runs like the Year 9 boys making it through to the quarter-finals of the National Cup. We also had over 60 students performing in the Soul Lounge just before half-term, providing another great evening of entertainment for the highly appreciative audience.

With five international trips over half-term, lots of students and staff have been kept very busy, but all have come back with lots of interesting stories and appear to have had a great time. I've received many reports of students conducting themselves extremely well and saw first-hand just how impressed the coach drivers were on the Year 8 ski trip, informing the boys at the end of the trip that

they'd been the best behaved and most polite group of students they'd ever worked with.

This week we reach another exciting milestone in our pursuit of a new school, as we exchange a number of contracts relating to the move. These include contracts with the developers purchasing our current site, the Blues nursery (who will be relocating to a site at Cox's Gardens), Herts County Council (who will be responsible for the delivery of the project) and Countryside Properties (for the purchase of the new site), all of which will really give the go ahead for the whole scheme.

As you'll see below, our guest speaker programme continues to deliver a host of thought provoking presentations to students, particularly that given by Holocaust survivor, Hannah Lewis MBE, who helped us mark Holocaust Memorial Day by giving a very moving account of her personal experiences during WWII.

In our SLT assemblies this half-term we will be practicing new hymns in preparation for our Easter services. As ever, parents are welcome to join us at St Michael's church on 30th and 31st March for those.

## Guest Speakers

We continue to be grateful to guests and friends of the school for visiting our community to speak with students. An appropriate guest can bring experience, expertise and a different perspective.

Holocaust survivor Hannah Lewis, MBE, our most important and moving speaker each year, visited to share her very personal, very powerful and very poignant history. Hannah, and her family, were the victims of anti-Semitism and many of Hannah's family were killed by the Nazis. Hannah saw her mother shot by the Nazis as her mother sacrificed herself to save Hannah's life. Hannah's presentation was a continued reminder of the importance of remembering The Holocaust and ensuring this evil and this history is never, ever, forgotten. On Holocaust Memorial Day, the School as a whole remembered. We must continue to stand against all forms of prejudice and discrimination and we must always remember those that suffered, and still suffer, because of The Holocaust.

Giles Duley is another regular guest. Having lost three limbs whilst undertaking work as a war photographer in Afghanistan, Giles too has had to show immense resilience. Giles still travels around the world photographing people, places and raising awareness of issues. In fact, his next talk after ours was at the United Nations in New York! Giles is, like Hannah, such a role model. His choice of work is his passion whilst he adjusted his passion to give it a moral purpose. Giles wants to make the world a better place; this is the meaning of Citizenship.

## Guest Speakers (cont)

Year 11 have heard from two fabulous speakers. We hope these have provided further motivation at this important time. Ben Cook is a former student who has engaged in epic fundraising and global adventures. He was a wonderful speaker.

Norma Symonds, Mayor of Bishop's Stortford was a brilliant speaker too. She shared her life story having experienced numerous challenges, and talked of her values and motivations. She very much is "The People's Champion" in our local area. Norma is an extraordinary person.

More speakers will follow for different year groups during the remainder of the academic year. If parents have any appropriate contacts or suggestions, do please e-mail [simon.etheridge@tbshs.org](mailto:simon.etheridge@tbshs.org).

Mr Etheridge.

## Charity

On World Cancer Day 2020, The Bishop's Stortford High School raised over £900 for the Helen Rollason Cancer Charity (supporting people with cancer in Bishop's Stortford and Essex), St. Clare Hospice, Harlow (supporting people with a terminal cancer), the Teenage Cancer Trust (supporting young people with cancer), the Ruth Strauss Foundation (the idea for wear it red came from the test match last year when red was worn for this cancer charity). Students wore one item of pink or red and donated, many donating without wearing an item, which was wonderful.

Our community of character and compassion once again shone through.

We dedicate this day to all those who suffer from, or have suffered from cancer, their families and loved ones and all who work in the caring, medical and research professions in this important area.

Thank you to all carers, parents and students who supported World Cancer Day at TBSHS.

## Soul Lounge

Sincere thanks to all parents/carers and students who bought tickets and supported Soul Lounge on Tuesday 11<sup>th</sup> of February – it was a wonderful evening that showcased the enormous number of talented musicians and singers here at TBSHS. The school hall rocked!

### Next Event - Music Festival Finalé - Wednesday 11<sup>th</sup> March

The Music Department's next event will be the 41st Annual Music Festival Finalé on Wednesday 11th March at 7pm. Exclusive to TBSHS, we look forward to welcoming you to this very special and unique musical event where you will see the finest musicians in school competing for the prestigious title of Musician of the Year and have their name added to the school Honours Board. The standard of the musicianship performed at the Finalé is astonishing and the evening never fails to disappoint. We're delighted to announce that our adjudicator this year is Lieutenant Colonel David Barringer, MBE, Principal Director of Music, British Army who we're sure will be suitably impressed with TBSHS musicians. The event is not just for parents of musicians - or those with a connection to the Music Department - all are welcome. Adults £5/concessions £3.

## Bishop's Stortford Town Mayor

Norma Symonds, Bishop's Stortford town Mayor, spoke to all of Year 11, telling them her life story.

What a story it was! Adopted as a baby, Norma found out that she was adopted at the age of eight. As a teenager, after having her own baby taken away from her and then adopted, Norma ran away to London where she experienced homelessness, poverty, prostitution and drugs.

She told a hall of 15 and 16 year old's, (the same age Norma was when she was trying to find a future for herself in London) all the details of her early life and of the challenges she had to overcome.

Norma went on to get married and have four children of her own, before becoming interested in local politics. She told the boys how she became a town, then district councillor, how she co-founded the Bishop's Stortford Food Bank and the Night Shelter taking a particular interest in helping the homeless and former drug users. She is also the only councillor who has a 'Street Name', assigned to her by some of the people living on the street, who know she understands how they are feeling.

There followed some very mature and sensible questions, which did the boys credit with their intelligent and considered thoughts. In fact they were still speaking about it as they walked up the corridor.

Thank you Norma.

<http://www.tbshs.org/NewsArticle.aspx?NewsID=6723>

## Hockney Corridor Art

**An excellent new addition to our walls.**

A big thanks to Year 10 students; Isaac Agathangelou, Cassidy Fung, Joseph Haines, Ezra Maniquis, Thomas Miller, Travis White and all others who helped in the Art Club.

The original painting is by David Hockney and depicts a landscape around Woldgate in Yorkshire. Hopefully the first in many new works to be seen around the school. The thing to remember about Hockney with this and similar works is that he spent most of his life in California and has brought all of those 'sunny colours' back with him and imposed them liberally on the landscape of Yorkshire.

These recent works are absolutely huge too and could be seen in London recently.

Well done guys!

Mr Thomas.

## Commendation Teas

Our Year 8 Commendation Tea was held at the end of the Autumn term so that Mrs Boniface, then Head of Year 8, could attend her very last Tea before she left TBSHS and our Year 7's attended their Commendation Tea in early January.

Students were invited to partake before being commended by Mr Reeve. Twenty Year 8 students received certificates and congratulations from him for their excellent progress and learning behaviour and he commented that he was pleased to see some students from our previous tea, which indicated that they were consistently making excellent progress; he was also very pleased to see students who had not attended before.

Twenty-one Year 7's attended their first Commendation Tea and were awarded their certificates and congratulations from Mr Reeve, who asked that they do their very best to try to attend again.

Students received their certificate and congratulations for their forms' Good Citizenship Award. Tutors were invited to write a citation as to why this student had been nominated and Mr Reeve read these aloud to the group. He then asked that students be proud of their achievements; many of the citations included great examples of how the students had shown great 'Black and Gold' spirit.

In January, nominated students from Years 9 and 10 were invited to a formal Commendation Tea held in the library marking the most improved academic performance in the Autumn Term and congratulating good citizens from each year group.

Mr Reeve commented, "the Commendation Tea celebrations were a great opportunity for me to engage students in such a positive way. Every boy nominated for academic progress deserved his award and some of the Citizenship nominations were really impressive, underlining what great individual characters we have in every year group. Being able to celebrate student's success is a great part of my job, and I look forward to the awards next term. Many congratulations to all the boys, they should be truly proud of their achievements thus far."

The Year 11 Tea was held in the Sixth Form Centre on Friday 24 January. This was to celebrate their outstanding academic performance in the GCSE Mock Examinations. Mr Reeve and Mr Stark invited sixth form students to share their experiences of TBSHS as older students, which offered an insightful perspective on our Sixth Form.

Mrs Marlow.

## Year 13 Commendation Tea

On February 10th, the Sixth Form Management Team, alongside Mr Reeve were pleased to host the Year 13 Commendation tea. The students were nominated due to achieving their median grades in all A Level mock examinations. Each student has an excellent behaviour record within the school and a high attendance rate. We look forward to our next commendation tea for year 12 at the start of next term.

## French Exchange Report January 2020

Nine TBSHS students, six from year 12 and three from year 10, along with Ms Yao, flew to Chartres (50km south of Paris) on Monday 6th January. Although it is certain that these students enjoyed their time in Paris, Versailles, as well as in the local town, much language learning was done. Henceforth, these nine students emerged from the trip as a bunch of significantly more confident speakers of the French language. They all represented TBSHS to the best of their abilities, making a great lasting impression on both their host families and Institut Notre Dame (TBSHS's French partner school) through the embracing of French culture and cuisine. Not only did they visit the typical sights of Paris and Versailles, but also participated in a stained glass window workshop as well as other more culturally enriching activities. Overall, it is more than fair to say that these students enjoyed their week-long "extended holiday" to France and the school will hope to continue this exchange in the years to come, despite the ever-looming consequences of Brexit.

Ms Yao,

## GCSE History Trip - Ypres and Berlin 2020

During the February half term, the History Department ran its annual trip to Berlin for GCSE students from Year 11 and this year the expedition again included one day in Belgium. Our first day was spent tracking the 'chain of evacuation' that an injured British soldier might have taken across the battlefields of the Ypres Salient. Students were able to visit the preserved Yorkshire Trench, Essex Farm Dressing Station (where Lt Col John McCrae wrote the iconic 'In Flanders Fields') and many other key locations, including the jaw-dropping Tyne Cot Cemetery. There was also a moving stop at the lesser known 'Shot at Dawn' memorial, in the little town of Poperinge - commemorating the 346 British soldiers executed for cowardice by their own government outside the town hall's 'death cells'. The powerful Menin Gate 'Last Post ceremony' was a fitting end to this emotional day, with three of our very own boys laying a wreath to commemorate the fallen.

The next four days were spent exploring Berlin and its surrounding areas in greater depth. Our first day included a visit to the German Historical Museum to see a real-life copy of the 1919 Treaty of Versailles. On Sunday we explored the Schloss Cecilienhof, location of the famous Potsdam Conference in 1945, and the Allied Museum to find out more about the 1989 Berlin Airlift. On Monday, we visited the iconic Reichstag, followed by the spectacular Olympic Stadium (site of the 1936 'Nazi' Olympics, and Jesse Owens' legendary triumphs) and, in the evening, a fascinating guided tour of the underground air raid shelters. We also managed to squeeze in stops at Checkpoint Charlie, Plotsensee Prison, the Resistance Museum, the Brandenburg Gate, the Jewish Museum... and of course, an evening of ten pin bowling!

The last day of our trip was dominated by a moving exploration of Sachsenhausen concentration camp, a powerful reminder of the evils of the Nazi regime. From the moment we entered, through the preserved gate bearing the notorious words, 'Arbeit Macht Frei', it was clear that this would be an unforgettable experience, and many students expressed that it was this visit that will stick with them the most from the whole week.

Special thanks go to Mr Dickens, Miss Quinlan, Miss Guerra, Mr O'Sullivan, Mrs Kitching, Mrs Mulholland, and all of those who work so hard behind the scenes to make these visits possible.

Ms Quinlan.

## Year 8 & 9 Military Historian Richard Knight

### Richard Knight (Khaki on Campaign) History Lectures

Renowned British military expert, Richard Knight, paid TBSHS a visit on Friday 7th February to give two fascinating lectures to Y8 & 9 historians.

Mr Knight has served as historical advisor on major motion pictures such as *War Horse*, *Private Peaceful*, *Journey's End* and most recently *1917*, as well as TV documentaries such as the BBC's *From D-Day to Berlin* and *When Hitler Invaded Britain*. He works with museums all across the country, and leads tours around the battlefields of Belgium and France. Most excitingly, he is also an alumnus of our very own Bishop's Stortford High School!

To begin with, Mr Knight presented to those in Year 9 taking GCSE History, telling the incredible story of how the nature of warfare has transformed across the twentieth century. He discussed the new weapons, tactics and equipment that developed across both World Wars I and II, exploring machine guns, gas attacks, paratroopers, and aerial combat. This all complements the History students' recent study of the Second World War perfectly.

Mr Knight then spoke to Year 8 historians about the First World War, providing a vivid introduction to the events of 1914-1918, which students will shortly be studying in their History lessons.

In addition to his presentations, Mr Knight brought a wide range of uniforms, artefacts and equipment to fully engage students in these two fascinating topics. Many lucky volunteers were able to dress up in full replica gear – from British officers of the 1940s, to German paratroopers, to the average British 'Tommy' of the First World War.

Miss Elizabeth Quinlan, Subject Leader for History, said: "Richard, an 'old boy' of the school, has been visiting TBSHS for a number of years now, and every time without fail he leaves the entire room buzzing with excitement. Each new generation of boys is massively inspired by his fascinating expertise and riveting presenting style, and – hopefully - returns to their study of our History curriculum with a renewed passion and engagement. We are very lucky to be able to enjoy his first rate knowledge!"

Ms Quinlan.

## Richard Knight Gallery

## PTFA funds.

Parents/carers will be interested to find out just exactly how some of the monies raised by the PTFA are being spent; so here is the latest update on how our students are benefitting from the monies raised.

The Art department has been provided with mainly specialist art equipment that is normally too costly to buy, allowing new painting mediums to be used at GCSE and A-level such as oil paint and working on expensive water colour papers; these sorts of items are beyond the curriculum funds we normally have and this will certainly have a positive impact on our Year 11 GCSE and A-Level students.

The Business Studies department will now have a 2 year subscription to a programme that allows students to understand and simulate the stock market which is a key part of KS3, 4 and 5; this should certainly enliven some of their lessons with a 'real-world' experience of trading.

Geiger Muller tubes have been bought for Physics to allow the teaching of radiation to all years.

Additional equipment for Mathematics has also been procured to help teach Years 7 to 13.

A digital subscription for Years 7 to 11 in MFL will now be used to assist in practising and using French or German. These will be purchased in July so students will get a full years' use next academic year. Also, additional equipment has been bought to allow them to practice more oral language skills using recordings to assist in listening back. Both of these will have a very positive impact on students' experiences.

Students who benefit from learning support will now be able to use special electronic pens that can help them with reading. In essence, they move the pen across the sentence and they can hear it being read out: this has already been trialled and is a great success.

Many, many thanks to all parents and carers who contribute to our fund raising efforts and if anyone has any further ideas as to how we can raise money for the students, both in the classroom and in the huge extra-curricular programme, do please let me know.

Many thanks,

Mr Pearson-Phillips.

# Enhancing Education

# Debating and Public Speaking

## English Speaking Union Mace Competition

For the sixth year in succession, the TBSHS debating team has reached the Eastern Region Final of the ESU Mace competition. Proposing the motion "This House Regrets the Commercialisation of Pride," Year 13 students Boyd Dunster, Scott Lockie & Christian Stimpson gave a polished performance against RHS Holbrook. In particular, they were praised by the adjudicator for the breadth of their arguments on a complex motion and for responding well to their opponents' points.

Also worthy of mention are the eight students who gave up their time to come along and make sure that we were by far the best-supported of the visiting teams. Some of them volunteered to chair debates or act as timekeepers. Alfie Aylett and Connor Davis ran their debates with confident charm, ably assisted by Aisha Jones & Caroline O'Prey. Thanks are also due to Will Clayden-Smith, Hannah Fitzgerald, James Gor and Nick Parker, as well as our Minibus driver Mr Patterson.

A more detailed report on this event can be found in the News section of the school website <http://www.tbshs.org/NewsArticle.aspx?NewsID=6722>

## Debating and Public Speaking (cont)

### Cambridge Schools Competition

Two TBSHS teams travelled to the Cambridge Union for our first British Parliamentary debating competition, to take on 38 other teams from Westminster School, the Perse and Bedford Schools among others. Nabil Shah & Will Worthy had some experience of this format but had never taken on sixth formers before while Year 13 students Connor Davies & Ollie Weight were making their inter-school debuts.

Over four rounds of debating, our teams achieved 3 first places, 1 second, 3 thirds and only 1 fourth place. Will and Nabil finished in a highly creditable 12th place, making them the highest-placed team from a state school, while Ollie and Connor came 22nd - a very pleasing result in their first competition.

A more detailed report on this event can be found in the News section of the school website <http://www.tbshs.org/NewsArticle.aspx?NewsID=6725>

### King's College London Schools Competition

Six TBSHS students from Years 12 & 13 were up very early on a Sunday morning to travel to our first London competition of term, at King's College. The field of 56 teams from London and the Home Counties was one of the strongest I have seen at a schools' event, with a high proportion of speakers representing 'big name' independent schools such as Eton, Westminster and St Paul's Girls. In each of our teams, an experienced speaker was paired with a 'novice' making his/her competition debut. None of them had a very successful morning, gaining only 3rd and 4th places, but thereafter TBSHS fortunes improved considerably.

After losing to one of the eventual top six teams in the morning, Robbie Power and Christian Stimpson picked up two 2nd places after lunch, while Caroline O'Prey & Alfie Aylett improved with every round and narrowly gained a 1st place in their final debate, which gained them a 42nd place finish.

A more detailed report can be found in the News section of the school website.

## Debating and Public Speaking (cont)

### Imperial College Juniors Competition

This new venture by Imperial College in South Kensington was a very welcome addition to our fixture list. It meant an early morning start for two Year 10 teams, who joined 38 other teams from 17 schools for four rounds of hard-fought debating.

Making their inter-school debuts, Donovan Wong & Yasin Shah achieved a very pleasing second place, ahead of teams from Winchester College and Whitgift School while Dan Jordan & Eric Queeney's second competition kicked off with a third place. Both teams followed up with 2nd places in the next round.

Given that there was only one other state school team in the event, our teams had enjoyed an extremely promising morning. After lunch, the first motion focussed on radical campaigning methods for climate activists, with very different results for our teams. Eric & Dan won their debate, but Yasin and Donovan had to be content with fourth place. However, they bounced back, arguing that "Technocracy is a Better Form of Government Than Democracy" and gaining another second place, a result matched by Dan & Eric.

In the final table of results, our more experienced team came 10<sup>th</sup> which qualified them for the Bronze Final. In his fifth debate of the day, Eric led off with a very persuasive speech showing why "happy ever after" film endings do children more harm than good and Dan backed him up with some sound rebuttal of their opponents' speeches. They were placed a very close second, ahead of teams from Sevenoaks School and Winchester College.

All in all, this was a really good experience for our speakers and they deserve many congratulations for their efforts. A more detailed report on this event can be found in the News section of the school website

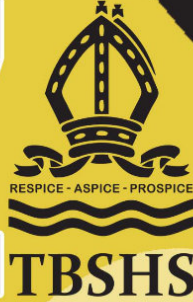

Mr Fraser.
