# The Bishop's Stortford High School

## Safeguarding & Wellbeing

Safeguarding at TBSHS is considered everyone's responsibility and we aim to create the safest environment within which every child has the opportunity to achieve their full potential.

There may be times when you need extra help and support and is a wide variety of support available, some in school and other support to which we can signpost or refer for help. Please come and talk to us, through either your Form Tutor, Head of Year, Inclusion Manager or the TBSHS Safeguarding Team.
