

UNITS

EDEXCEL GEOGRAPHY A

At TBSHS, we study the following:

Component 1: The Physical Environment. This includes studies of:

- The changing landscapes of the UK – coasts and rivers
- Weather hazards and climate change – tropical cyclones and drought
- Ecosystems, biodiversity and management – tropical rainforests and deciduous woodlands in the UK.

Component 2: The Human Environment. This includes studies of:

- Changing cities – in the UK and around the world
- Global development – the challenges facing our divided world
- Resource management - we will be looking at energy issues.

Component 3: Geographical Investigations - Fieldwork & UK Challenges.

There are two topics:

- Geographical investigations & Fieldwork - we aim to investigate a coastal landscape and an urban environment (see below)
- UK Challenges – this draws upon the rest of the course.

FIELDWORK & EXAMS

WHEN

YEAR 9: COURSE BEGINS	FEB/MARCH – YEAR 9
