All Things Law – Land Your Dream Apprenticeship In Law – Online 5th March 6.30pm-7.30pm

Who's it for? Year 11 - Year 13 students plus parents/guardians who want to explore careers in law.

Why attend? Are you thinking about a career in law without going to university first? Join *All Things Law* - a live, practical webinar designed to give you the confidence, insight and tools to successfully secure a law apprenticeship.

What you'll gain: Practical insight from real apprentices

Hear directly from current and recently completed law apprentices about their journeys — what their roles are really like, how they prepared, and what advice they wish they'd had before applying.

Understanding law apprenticeships Discover the different types of legal apprenticeships available in the UK, from paralegal roles to solicitor apprenticeships, and what qualifications, skills and attributes employers look for.

Application strategies that work Get actionable tips on how to craft a standout application, prepare for assessments and interviews, and build the confidence to compete in a competitive field.

Live Q&A session Have your questions answered in real time by those who've been through the process.

Whether you're certain law is your path or just exploring your options, this session will equip you with the knowledge and motivation to take the next step toward a fulfilling apprenticeship in law.

Thursday 5th March 6:30pm - 7:30 pm Online event. [Register here](#)

Chemistry Apprenticeships

There's more than one route to a chemistry career. Explore the RSC's [Earn while you learn](#) guide for apprenticeships and work-based qualifications – and here are some real-life examples:

- [Christina](#), an apprentice at AstraZeneca working on life-saving medicines

- [Gary](#), who started as an apprentice at Anglian Water and now works in genome research
- [Kasia](#), an apprentice at Italmach Chemicals (watch her video showcasing [a day in the life of a chemistry apprentice!](#))

From University College London (UCL)

[Train to teach maths with a funded degree apprenticeship](#) Applications open

A brand new degree from UCL This innovative, fully funded programme gives you the opportunity to study maths at degree level while training to become a secondary school maths teacher. Sign up to the online session on 29th Jan to learn more about the Teacher Degree Apprenticeship, [click here](#)

Apprenticeship Applications

From *Amazing Apprentices*, is an initiative to support students who are in the apprenticeship application process *Meet the Employer*. [See this link](#) for latest updates.

Success At Schools

Please note that amongst the many apprenticeships currently being advertised, prestigious companies such as BNP, National Audit Office and [Morgan Stanley](#) are open to applications.

College/University Information

Maths at University - Oxford University to use the TMUA

For the 2026 admissions round, the MAT will not take place, and all applicants will take the TMUA instead. [Check out this update on the MEI website:](#)

Year 12-13 Unifrog Discovery Fair – Virtual

Over the course of two hours, students can attend mini-lectures on a range of subjects and meet 32 universities from across the UK including Kings College London, Manchester Metropolitan, and the University of Aberdeen. With taster sessions on a variety of subjects including criminology, creative arts, and nursing, there's something to interest every student. [Invite your students to sign up](#)

Balliol College Oxford - Try Before You Buy Days 2026

In the Spring and Summer Terms, *Balliol College* hosts a series of free **Try Before You Buy Days** for disadvantaged prospective applicants. These sessions are aimed at UK state school students in Year 12, and provide the chance to engage with subject-specific Oxford style tutorials.

Each day will feature an Oxford style tutorial, a guided tour of Balliol College from a current undergraduate student and a talk on the admissions process. A two course free lunch will be provided in the Balliol Hall. Participants will need to complete work in advance in order to take part in the tutorial session.

Prospective applicants will only be able to attend only one Try Before You Buy event. These events are in great demand; therefore applicants must ensure that they are able to attend and are able to complete the work and return it by the deadline (which is usually a week before the event).

To find out more, and to sign up for an event, please see the list of Try Before You Buy Days on the Balliol website: [Outreach Talks and Events | Balliol College Closing Soon](#)

Studying Civil Engineering At University?

This online event is relevant to any Y13 students planning to study civil engineering at university later this year. It is an event focused on the **Undergraduate QUEST Scholarships (worth up to £8,000)** for students who are due to start the first year of a full-time civil engineering degree course in the UK (the course must be accredited by the Joint Board of Moderators).

There is more information about the application process for QUEST Undergraduate Scholarships at the link below. The page currently includes last year's dates but will be updated when applications reopen in March 2026 for the current year's application cycle.

[QUEST Undergraduate Scholarship – Supporting Students | Institution of Civil Engineers \(ICE\)](#)

Capel Manor College – Open Event

The next open event is on 21st March 10am-3pm. [Register here.](#)

Cambridge, Hertford, Harlow & Stansted Airport Colleges

2026 applications are now live. Due to the very high level of applications over the last three years they are encouraging *everyone* to **apply ASAP**.

Sutton Trust – Applications Now Open

These programmes give you the chance to experience what university life is really like through a free summer school. Closing date 5th March [Click here](#)

Military Preparation College of Training -Cambridge & Colchester

MPCT is for young people aged 16–18 (and 19+) and helps to develop key life and employability skills, improve fitness, and gain qualifications.

About MPCT:

The MPCT is the largest military preparation college in the UK. The colleges are unique in the respect that they are all run by Veterans, who have helped thousands of learners pass phase 1 training to join the Armed Forces, with 92% of students passing phase 1 training having attended one of our courses. The number having not attended one of the 39 military colleges across the UK is 50%. The courses are also designed to help develop and prepare young people for wider employment opportunities such as the emergency services.

The courses develop confidence, self-esteem, resilience and discipline to military standards. This can help young people in wider areas of their lives both inside and outside the working environment.

Qualifications Offered:

- Level 3 Diploma Uniformed Public Services (ideal for non-military careers in public services)
- Level 2 Diploma Preparation for Military Service
- Maths & English Functional Skills
- GCSE Resits (Maths & English)
- Flexible Enrolment: Learners can join or leave at any point throughout the year.
- Physical Development: 50% of the programme is dedicated to physical training.
- Financial Support: Bursaries available for eligible learners, covering travel, uniform, and other necessities.
- Free Breakfast Club
- Skill Development: Leadership, teamwork, confidence, and discipline in line with military service.
- Military Engagement: Regular visits from military engagement teams, offering direct insights into a wide range of career paths.

[See website for much more information](#)

The MPCT are hosting a stand here at TBSHS during National Careers Week: Tuesday 3rd March 1pm-2pm

Teach English As A Foreign Language In A Gap Year

If you want to combine work with travel, have you ever considered teaching English? Here's some information from *UK-TEFL*.

Level 2 Certified Learning Course in TEFL (120 Hours):

- £90 per student (*£225 without student discount*)
- 6 months access (*usually 3 months without student package*)
- Includes UK-TEFL E-Certificate
- The course is endorsed by Training Qualifications UK
- Upon completion, students are certified to teach English as a foreign language abroad, online or privately within the UK
- Enhances UCAS personal statements
- Certificate does not expire

Students are able to self-enrol via the following link (student discount applied):

<https://www.uk-tefl.com/schools-interactive-online-tefl-course>

Years 9-13 Should I Become A Doctor

Lincolnshire Training Hub, a branch of Health Education England, are holding an online event on the 6th of March 6:30-8pm on Microsoft Teams called **Should I Become a Doctor**.

The event is aimed at Y9-12 students who are trying to decide whether becoming a Doctor, or Medicine, is something they are interested in. There will also be talk around Dentistry. Sign up via the link <https://www.lincolnshiretraininghub.nhs.uk/training-and-events/futures-programme>

Fantasy Wings 26/27

If you've been thinking about exploring a career in aviation—whether as a pilot, engineer, air traffic controller, in the airport environment, or something else entirely then signing up for *Fantasy Wing* is for you.

What's on offer this year

In-person (ages 13–25)

Based in London, Birmingham, or Manchester. You'll meet industry professionals, take part in hands-on sessions, and get a real feel for what different aviation roles involve.

Virtual (25+)

Designed for adults who want to fit learning around work or family. You'll complete the programme online and receive an accredited certificate.

International (virtual)

Wherever you're based, you can join our UK programme remotely and become part of our global network.

What participants get

- The chance to apply for flying scholarships
- Access to opportunities with our partners that aren't advertised elsewhere
- Mentoring from people currently working in aviation
- A network of contacts across the industry

An accredited certificate on completion

If you'd like to take a look at the full details and register, you can do so here:

National Careers Week 2026: British Army Careers: Seven Career Streams, Endless Opportunities

Online Event: Thursday 3rd March 2026, 6:30pm-7:30pm

In celebration of *National Careers Week* and *International Women's Day*, join this insightful webinar exploring the wide range of career opportunities available in the British Army.

Did you know you could start your career in STEM, Healthcare, Law, or Intelligence? The British Army is not just about combat roles. They'll also shine a spotlight on women in the Army, challenging outdated perceptions and highlighting the diverse roles women thrive in today from technical and leadership positions to frontline and specialist careers.

A Parents Perspective – On Demand Video

If your young person is exploring their next steps after school or college or has mentioned the British Army as a possible option, it's important to feel informed, reassured, and confident in how you support them.

Discover the ways that scientists help the players on the pitch up their game

March Careers Fair – Cambridge Regional College

As part of National Careers Week, CRC are hosting Careers Fairs at both Cambridge and Huntingdon campuses, supported by the Greater Cambridge Partnership. These events are designed to help students explore their next steps and meet organisations offering opportunities. Dates:

- Cambridge Campus Careers Fair: Tuesday 3rd March 2026 4pm-6pm
- Huntingdon Campus Careers Fair: Thursday 5th March 2026 4pm-6pm

Students who attend will be able to:

- Meet a wide range of employers who are actively recruiting for apprenticeships, part-time and full-time roles, work experience and volunteering
- Speak to our Apprenticeship Team to learn more about pathways into becoming an apprentice
- Explore different career options with local recruiters and training providers
- Find out about retraining and upskilling opportunities for adult learners (helpful for parents/carers attending) [For further details and to register as a visitor click here.](#)

Will that job even exist in the future?

With AI transforming how we work, it's natural for students to question what the workplace will look like by the time they leave school. AI is reshaping jobs across every industry, from finance to healthcare. *Investin* have launched a [series of free online workshops](#) to help students explore changes. The first session looks at how AI is shaping the workplace and what it means for the choices students now.

AI Careers in Music, Media & Film - Tue 24 March, 9:30 - 10:30 AM

Through Prime Video and Amazon Music, Amazon brings us movies, music and games. In this interactive virtual event, students hear from industry professionals working with technology and AI across Amazon's entertainment services. Taylor Wessing Law Firm

You are invited to take part in 4 in-person sessions with Taylor Wessing professionals from the firm.

You will gain valuable mentoring in several key areas, including:

Learning how to highlight your existing skills and strengths, as well as identifying areas you may want or need to develop for success in the workforce.

Improving your ability to complete written job applications and perform well in interviews; and

Boosting your motivation and confidence to pursue opportunities in professional fields, such as the legal sector

Eligibility

Be aged 16-19

Attend a state school

Be available to attend the full programme in-person. Programme dates are currently being confirmed, please review session timetable closer to the time

Programme Locations & Dates London Session dates:

Tuesday 10th March 2026 (virtual launch)

Thursday 12th March 2026

Thursday 19th March 2026

Thursday 26th March 2026

[Check the event page and apply here.](#)

Macquarie Rise To It Insight Day (London 2026) - Application Form

This exclusive, in-person event is tailored to Year 12 students keen to explore the exciting world of finance and banking. Hosted in Central London near Moorgate tube station on **Wednesday, 29th April 2026**, it offers a unique opportunity to connect with professionals from **Macquarie, a leading global investment bank and financial services firm**. They encourage you to write your application yourself without the use of AI or ChatGPT and will prioritise applications where it is clear students have written it themselves.

Key Details:

- Date: 29th April 2026
- Location: Central London, near Moorgate (in-person)
- Year Group: Year 12
- All-Day Event: Exact details, location, and timings will be shared closer to the date if you secure a place.
- Application Deadline: 16th March

If successful with your application for this event, there's also the opportunity to carry out a week of work experience in October ½ term. [Click here](#)

Exploring Law – Cambridge University

The University of Cambridge's Faculty of Law is inviting aspiring law students to join their free online course:

[Exploring Law: Studying Law at University](#), designed to help students decide whether law is the right course for them. Students can enroll on the six-week course up until Monday 9th March 2026.

A Level Maths Revision Sessions (Fee involved)

January Webinar - Uptree – AI Done Right – Tips You Actually Need

If you missed last month's webinar, don't worry, you can download and watch it at any time In this webinar. Uptree aimed to share practical tips to support students in using AI to strengthen their applications and LinkedIn posts, while staying authentic and human. [Download it here](#)

Propel Pathways – Neurodivergent Resource

The Mason Foundation (a national charity) has launched [Propel Pathways](#), a new free website that helps neurodivergent young people or those with SEN build confidence, learn practical skills, and prepare for work. Designed for young people who are neurodivergent or with SEN, [Propel Pathways](#) offers practical tools like an easy-to-use CV builder, cover letter support, and confidence-building workshops, including how to ask for workplace adjustments and advocate for their needs. It's a supportive way into employment, apprenticeships or further learning. Find out how Propel Pathways can support your young person's next steps at propelpathways.co.uk.

Future Economists

The Marshall Society, the official Economics society at the **University of Cambridge** is holding its Annual Conference on **Saturday 21st March 2026** at the University 10am to 5pm.

The day will consist of talks by leading Economists who will each present their research centred around the conference topic '**Trade Under Pressure: Protectionism & the New Commodities Order**'. Students will have an opportunity to discuss and ask questions to speakers to help gain an insight into the broad range of branches within Economics. There will also be Economics Undergraduate students who will give a talk about UCAS application advice and take part in a Q&A.

This will give students a real insight into what studying Economics at Cambridge is like and will be helpful for UCAS applications, particularly if looking at Cambridge or Oxford.

The conference will be held at Lady Mitchell Hall in Cambridge, which is a large auditorium and will take place from 9.30am-5pm. Please book tickets here <https://www.tickettailor.com/events/themarshallociety1/2034872>

Students wishing to look ahead to computer science careers may wish to sign up to the ARM Community Blog – great b/g reading for putting on applications etc. [Click here](#)

Outreach From Imperial College

Outreach Summer School Programmes 2026 - For students in Year 9 to Year 12 interested in STEM

Are you in Years 9-12? Interested in STEM and keen to explore university and life at Imperial? Applications for the free residential and non-residential summer programmes are now open.

[Visit our Summer Schools webpage](#) to learn more about the programmes, eligibility criteria, and how to apply.

Year 10 Insights Summer School: 29 July - 1 August (Residential)

Year 11 Online STEM Challenge: 23 - 26 June

Year 12 Sutton Trust Summer School Week 1: 14 - 17 July (Residential)

Year 12 Sutton Trust Summer School Week 2: 21 - 24 July (Residential)

Year 12 Work Experience Programme: 29 June - 3 July

Applications close in March 2026. Please check individual programme web pages for specific closing dates. For any queries email outreach.scienceactivities@imperial.ac.uk.

Stem Potential Year 10 Programme - For students interested in studying STEM

Apply Now Explore the fields of science, technology, engineering and maths to gain a better understanding of which subjects you may want to study at A-level.

Across Years 10 and 11 you will take part in lectures, workshops and on-campus events to gain a feel for university life, working closely with Imperial academics and students. In August of Year 10, you will take part in a non-residential summer school.

[Visit the STEM Potential webpage](#) to learn more about the programme, eligibility criteria, and how to apply. All events run in-person so you will need to live within one hour of Imperial's South Kensington Campus. Students stay on the programme for two years. After year 11, students who meet the eligibility criteria will progress to years 12 and 13. Applications close on Monday 2 March 2026. For any queries please email stempotential@imperial.ac.uk.

So, You Want to be a Doctor? Online Webinar

For students in Years 10 and 11 interested in Medicine

Are you a Year 10 or 11 student who enjoys science and is considering pursuing medicine? Then, this online event could be for you. Staff and students from the [School of Medicine](#) will provide information, advice and guidance on deciding whether medicine is right for you, what is required for a strong application to study the subject at university, and the realities of life as a doctor.

The webinar will take place on Saturday 07 March 2026 at 10:00 - 11:30 am. [Complete the registration form to take part in this online event.](#) For any queries please email pathways@imperial.ac.uk.

Meet the Medic Online Webinar: For students in Years 10 to 13 interested in Medicine

Have you ever wondered what it is really like to be a doctor in London?

Following on from the success of 'Meet the Researcher', this new interactive webinar series will bring medicine to life. Meet the Medic Online Webinars will feature a different medical professional each month sharing their specialism, career path and day-to-day life as a doctor - and answering your questions live.

The first webinar will be Thursday 26 March 2026 at 16:30 - 17.30 pm and welcomes Dr Anu Mitra with stories from his time working in A&E. [Complete the registration form to take part in this online event.](#)

For any queries please email pathways@imperial.ac.uk.

Teach English

TEFL have launched a brand new **UK-TEFL Online Grammar Course** - a flexible, practical, and confidence-boosting way to master the core structures of English grammar.

- Whether you're a student looking to deepen your expertise or searching for a clear, effective way to help you build confidence in English grammar, this course is designed to support every stage of the learning journey. **Cost:** £39
- **Duration:** 30 hours of guided study with 60 days of access.

How it works: This is a self-enrolment course. You'll be automatically enrolled after purchase [via our website](#).

Year 12 STEM Research Placements

Year 12 students have the chance to gain hands-on research experience this summer with a free STEM placement. These opportunities put students at the heart of real scientific work, build skills, and inspire future STEM pathways. [Find out more here.](#)

Research STEM Placements 2026 – Deadline 17th March

For Year 12 students there are exciting opportunities in industry, universities and at local organisations. Undertaking a 2-week project placement will inspire and motivate students and help give them the skills and confidence they need to get a place at a top university or secure a career boosting apprenticeship. Students in their first year of post-16 science, technology, engineering and maths (including social and data sciences) courses should apply.

Please note: This scheme is aimed at students who come from low-income families, or don't have a family history of attending university. We want more students from these backgrounds to apply and can provide travel expenses to all students taking part in the programme. Fully face to face, hybrid and virtual placements are available. All project placements take place over the summer holidays.

To be eligible for a place on the programme, students must meet both of the below criteria:

- 5 GCSEs at grade 5 or above
- Must be in year 12 of studies and studying one STEM subject at A Level (or equivalent)

Students must also meet at least one of the below criteria:

- Household income of £40,000 or Less
- Eligible for free school meals, at any time in the last 6 years
- First in their family to attend Higher Education. This means neither of their parents/guardians have attended university
- Provide regular care or support for a family member due to illness, disability, age or with additional needs

- Currently or have previously been in foster care, residential care, or under local authority care

More information on the scheme and how to apply can be found at: <https://www.stempoint.org.uk/research-stem>

Deadline 28th February.

From Neon (Engineering) BIEA International Youth STEM Innovation Competition

A global STEM challenge empowering students to solve real-world problems through creativity, teamwork and sustainable innovation. Project work: [click here](#)

Also from Neon: Project Earth

Project Earth empowers and showcases young innovators keen to tackle climate challenges with expert support and real-world impact. [Click here](#)

Step Into The NHS

The Step into the NHS competition ran by NHS Health Careers is back, inviting students to discover the incredible range of roles within the NHS and showcase their creativity. Pupils are challenged to create a piece of artwork that showcases up to three NHS careers – or tasked with designing job adverts for an NHS role that inspires them – highlighting what these careers involve and the pathways into them. [Explore more about the competition now](#)

Maths 'Fun' !

MathsWorld is London's first maths discovery centre, located on the capital's vibrant South Bank. With over 40 hands-on exhibits it is suitable for visitors of all ages. [Book Tickets now.](#)

All Years - Big Bang Competition 2025/26

Think big, challenge facts, ask questions, and invent solutions with the UK's top annual science and engineering competition. The Competition is free, and is open to young people in the UK aged 11 to 19.

The Competition is open for entries and closes on 4 March 2026 at 5pm, so you have plenty of time to work on a project. Students can enter any project in the field of STEM – from health to the environment, and from computing to design and technology; from inventions, to communication campaigns, to research into solving a problem within the community. It doesn't matter if your student(s) conduct their project using simple everyday items, or whether they undertake research in a scientific lab; it's all about the idea and the enthusiasm behind it!

Competitors enter projects online, either as an individual or as part of a team, and provide both a written report and video upload demonstrating the work. For more information from Neon, [Click here](#)

Maths of Medicine and Health Poster Competition 2025/6

Closing Date 28th February 2026

Win a £100 Amazon Voucher [Create an A4 poster about the applications of Maths to Medicine and Health](#)

*If you are willing & able, do think about hosting a lunchtime careers workshop; they are fun and informal, plus a great way of providing insights into careers. Volunteers from our parent body are extremely welcome to host, as are alumni.
