***Please note, we are a nut-free School***

Dear Students

Welcome to The Bishop's Stortford High School's eleventh biennial Careers Forum which we hope will be as successful as previous events. The new site lends itself extremely well to hosting an event on this scale and hope you all agree.

We have a fantastic range of employers joining us tonight who can give you an insight and information on careers that are available to you together with guidance on A level options, advice on further/higher education choices, apprenticeship criteria and university entry requirements - do make the most of this evening's opportunities.

In a friendly and informal setting, you may circulate the hall and 'drop in' on exhibitors' stands. Don't be afraid to ask lots of questions - it may be a while before you come across them again in this type of setting. Also, don't forget to make those vital work experience and internship contacts. If you can't see your exact occupation of interest, don't worry - try to find the closest one as they will probably still be able to help.

At the end of this booklet, you will find a **Feedback Form**. It would be extremely helpful if you could complete the form and leave it in the box at reception on your way out this evening.

Finally, our sincere thanks go to all the employers and educators who have come along this evening and so generously given up their time – it's wonderful that they are willing to support you in this incredibly valuable way. A big thank you also goes to Mr Woodford and his site team who have helped make this evening possible, plus our Sixth Form Prefects and Senior Team.

## **Fire Evacuation Instructions**

The fire alarm is a continuous siren and announcement to leave the building. On hearing this, evacuation must be immediate. No-one must re-enter the building until the all clear is given.
