Special Announcements/Local Opportunities

Local Job Opportunity - Junior Accountant Apprentice With DOC Cleaning

Location: 95 London Road, Bishops Stortford, CM23 3GW Salary: £21,500 per year, with an increase upon completion of Level 2. Training: AAT Level 2 Accounts Apprenticeship

About the Role

They are looking for a motivated and detail-oriented individual to join the Finance team as a Junior Accountant Apprentice. This is an excellent opportunity for anyone looking to begin a long-term career in accounting and finance while gaining practical experience and professional qualifications.

Key Responsibilities

- Processing supplier invoices and purchase orders
- Assisting with customer invoicing
- Reconciling company credit card statements
- Supporting account reconciliations and month-end processes
- Maintaining accurate financial records
- Liaising with suppliers, customers, and internal teams to resolve queries
- Supporting the wider finance team with administrative tasks

What They Are Looking For

- Good numerical and organisational skills
- Strong attention to detail
- Good communication skills
- Competent in Microsoft Excel and general IT systems
- Willingness to learn and develop professionally
- Ability to work independently and as part of a team

Previous finance experience is not essential, although an interest in accounting or business would be beneficial.

Training & Career Development

The successful candidate will enroll on a Level 2 Accounts Apprenticeship, combining practical work experience with professional study.

This role offers genuine long-term progression opportunities into broader accounting responsibilities, including management accounts, financial reporting, and future progression towards Assistant Finance Manager level.

To apply for this role, please send your CV and cover letter to HR@doccleaning.com

Sawbridgeworth River Day

A cooling trip along the town's waterway could be just the job for visitors to Sawbridgeworth's annual River Day. *Canalability* will be offering boat trips along the River Stort and Whoosh will be running AquaPaddle taster sessions at the **free event on Saturday June 27, from midday to 4pm.**

The Sawbridgeworth Town Council event, run in conjunction with the Canal & River Trust, will be held on the grass area at Sheering Mill Lock.

This year members of the Herts & Middlesex Wildlife Trust will be sharing their expertise on local habitats and species. They'll be joining Friends of the Wild Rescue & Rehabilitation, Sustainable Sawbridgeworth and the Citizen Science Group, which will be offering hands-on activities for children, demonstrations and fascinating information about the area's natural habitats. For more details check out the town council's Facebook page.

For Students Interested in Politics/Law Careers

This is an opportunity for Young People aged 14–25 to join the *Hertfordshire Youth Commission*.

The Youth Commission will allow young people to support, challenge and inform the work of the Hertfordshire Police & Crime Commissioner. The Youth Commission will explore urgent Police and Crime issues affecting young people.

They are looking for a diverse group of young people from different backgrounds and life experiences to take part, including those who have direct experience with police, authorities and the justice system, or who are part of traditionally underrepresented groups.

This is a fantastic opportunity for young people to gain new knowledge, skills and experiences that focuses on listening to the views of young people in Hertfordshire. Members of the Youth Commission will work directly with key decision-makers including the Hertfordshire Police & Crime Commissioner and policing representatives, helping to ensure that young people's voices shape decision-making. **Deadline: 19th June.**

How to apply: The online application form can be found here: <https://forms.gle/HnC8EranFHv3zQ286>

Information on Youth Commission: <https://www.herts-pcc.gov.uk/listening-and-responding/youth-commission/>

Apprenticeships

Students with a Unifrog log-in can see all apprenticeship listings, on-demand webinars & more. Students should research the many apprenticeship websites (Amazing Apprentices, Springpod, Uptree, Success at Schools etc) and if they haven't already, register with the government website, [click here](#)

Medic Mentoring Course: Emmanuel College Cambridge: Deadline 17th June

Taking place between July and December, the *Medic Mentoring Scheme* is open students attending state-maintained schools in Year 12 England/Wales, Year 13 Northern Ireland, and S5 Scotland, who are applying for medical courses at UK universities including Oxford and Cambridge.

Participants will have an account set up for them on our e-platform and will be paired with a current clinical medic

at Emmanuel. Through more formal interactions via our webinar series and more informal interactions with a mentor via the e-platform, the scheme aims to help guide participants through the application process and prepare them to make competitive applications.

Webinars will cover:

- Introduction to the Scheme and Approaching the UCAT
- Writing a Personal Statement for Medicine (led by an Admissions Tutor)
- Approaching Cambridge Medicine Interviews (led by an Admissions Tutor)

Participants will also receive:

- Written feedback from their mentor on a personal statement draft
- A mock interview

Check out the link here: <https://www.emma.cam.ac.uk/schools/events/medic-mentoring?from=current>

Construction

Behind the Scenes of Big Projects with Dalcour Maclaren

Outreach From Imperial

Problem Solving Matters - June to September 2026

For Year 12 students applying for mathematics dependent university courses

Problem Solving Matters is a comprehensive course designed to support students preparing for the MAT, TMUA and other problem solving examinations such as STEP. It is delivered by MEI at host universities across England (including Imperial) [Find out more and apply now on the programme page.](#)

Beginning in June 2026, the course involves three face to face study days, three summer assignments and four online follow up sessions.

Places will be allocated to students attending state-funded schools only and priority will be given to students who are from under-represented groups in Higher Education.

Years 8-11 National Saturday Club

Students aged 13-16 can attend free Saturday morning study sessions at local universities, colleges, and cultural venues. Help them build skills, confidence, and creativity in a supportive environment <https://saturday-club.org/>.

Students can also take part in cultural visits, industry masterclasses, and a Summer Show at Somerset House.

[Click here](#)

Useful Free Resource

The [Financial Times schools programme](#) offers free online subscriptions for its content to students aged 16-19, their teachers and secondary schools. Once registered, students and teachers have access to news, analysis, data and comment, as well as quizzes, competitions, videos and podcasts.

Uptree Webinars

These are usually run monthly on a Tuesday morning, from 8:30am to 9:00am.

The majority of the webinars are recorded, and the recordings are available to download from the platform here:

<https://uptree.co/schools/download-our-schools-webinar-recordings/>

5RB Chambers, Media Law Insight Evening and Work Experience Placement

BVL is once again partnering with media law barristers' chambers, [5RB](#), to offer our students two exciting opportunities:

1. A virtual media law insight evening, open to students across England and Wales, taking place between 5 and

7pm on a date to be confirmed in October 2026.

2. In person work experience for two students, taking place during a week TBC in February 2027.

To be eligible to apply for a work experience placement, students must first attend the insight evening.

5RB is a leading set of media and communications law barristers who practise in all areas of media law including: defamation, privacy, confidence, data protection, harassment, media regulation, intellectual property, sport and human rights.

To apply complete a brief application form by clicking [here](#). Applications close at **7pm on 11 September 2026**.

Model Law Commission

Now in its 15th year, the Model Law Commission is a four-month long project that provides A-Level students with the chance to simulate the work of the Law Commission. We split the pool of students into four groups, each tasked with the reform of one of the following areas of law: (1) Family, Trusts or Land Law; (2) Criminal Law; (3) Commercial and Common Law; or (4) Public Law. From September to December, students undertake a five-stage process: research, formulating recommendations, consulting with their peers, reporting on their proposals and devising their legislation.

Each year, the Model Law Commission begins with a two-day in person conference in London. It is over the course of these two days that students are introduced to their respective topics by experts in the field who come from all over the country to speak to them.

The students are also visited by individuals from the Law Commission itself visit our students and advise on the difficulties in reforming the law and how to write a law reform report. The students then take that information and over the following weeks discuss reform ideas with each other, their Group Leaders and their peers.

The project then concludes with a final in person report launch event in London in January, hosted by MPs and visitors from the Law Commission. At the event, each student will receive a printed and published copy of their group's reform report.

If you are interested in learning more about the way law works in the UK, the way it is made and changed, then you are strongly encouraged to apply. The project will take place between September 2026 and January 2027.

To apply, please complete a brief application form by clicking [here](#). The deadline for applications is **7pm on Friday 11 September 2026**. For more information go to: <https://www.bvl.org.uk/model-law-commission>.

I'm a Mathematician, Get me out of here

Connect with real mathematicians, ask questions and get the chance to win £500 for outreach. **Online, free.**

I'm a Mathematician, Get me out of here is an online STEM engagement activity for school students.

Students can ask mathematicians questions, chat with them through text-only live chats, and vote for their favourite mathematician to win £500 towards further outreach.

There are loads of benefits to taking part. Students can:

- Gain confidence by asking questions.
- Learn more about STEM outside of the classroom.
- Meet working engineers and discover career paths they may have never considered.
- See STEM as something that's 'for them'.

Logistics

It's quick and easy to set up, and text-only – no audio or video required.

It's accessible from the classroom or home and is super-flexible – you book chats at times that suit you and your classes. Minimum of 5 participants, maximum of 500. Free.

Supreme Court Mooting (legal debate) Competition

From BVL who offer students the opportunity to compete in their Mooting Competition in association with the Supreme Court. A "moot" simulates a court hearing (usually an appeal), in which participants analyse a fictional case, research the relevant law, prepare written submissions and then present an oral argument.

If you are selected to participate in the competition, you will be paired up with current law students, including students on the Bar Professional Training Course (the course people undertake to become a barrister), who act as "Mooting Mentors". This structure enables you to not only experience court advocacy, but also develop your knowledge of the law and nurture your communication skills with the help of those already pursuing a career in law.

The competition takes place between 6.30 and 8.30pm, starting with a training session, where you will be taught all about mooting. The 2027 competition runs every Thursday evening between 4 February and 22 April 2027, with the final (which is judged by a Supreme Court Justice) taking place on a date to be confirmed in April 2027 between 4:30 and 7pm. To apply complete a brief application form by clicking [here](#). The deadline for applications is **7pm on Saturday 2 January 2027**. We recommend that students apply as soon as possible.

More information can be found here: <https://www.bvl.org.uk/mooting-competition>.

Competition From Sheffield University - The Kroto Prize: A Creative STEM Video Competition for Students

Looking for a way to spark curiosity, creativity, and real engagement in STEM? The Kroto Prize offers a fantastic opportunity to showcase student talent while celebrating the legacy of Nobel Prize-winning chemist and University

of Sheffield alumnus, Professor Sir Harry Kroto. This competition invites schools and colleges to submit one student-created short video explaining a topic from Science, Technology, Engineering or Mathematics. It's a chance for young people aged 11-18 to explore big ideas, think differently, and communicate science in ways that inspire others. Prizes of up to £300 are available, shared between the winning student(s) and their school. The closing date for entries is Monday 29 June. If interested, make an approach to your teachers of STEM or to the careers dept.

COYO Challenge 2026: Design a Sustainable Race Track

Explore how engineering decisions shape safe, sustainable infrastructure and support communities.
Until 4 September

From Imperial College, London School Teams Prize 2026 For students in Years 12 & 13

Now in its sixth year, the Science in Medicine School Teams Prize aims to encourage students to think outside of the school curriculum about how science and engineering can improve health.

It is a team contest, which emphasises the importance of multidisciplinary collaboration. It also encourages a holistic approach with due consideration of the importance of affordability, availability and social acceptability of innovations, and has an emphasis on effective communication.

This year there are five contests, focused on:

- The heart and circulation
- Lung disease
- Cancer
- Mental health of children and young people
- Global health

To find out more and how to enter explore the [School Teams Prize webpage](#).

Entries close Friday 3 July 2026. For any queries email school-teams-prize@imperial.ac.uk.

Maths 'Fun' !

MathsWorld is London's first maths discovery centre, located on the capital's vibrant South Bank. With over 40 hands-on exhibits, it's suitable for visitors of all ages. [Book Tickets now](#).
